The International Council of Ophthalmology is honoured to host delegates from every part of the world to WOC2020 Virtual® from 26–29 June 2020. This unique 37th World Ophthalmology Congress will be a virtual experience that showcases the latest developments in all fields of ophthalmology. Join in for an unforgettable personalised learning journey and learn from world-class experts, network with colleagues, visit the virtual exhibition, and access content for three months.

During these extraordinary times, WOC2020 Virtual® brings to you an exciting educational opportunity – all in one place, at your own pace, and keeping you safe. This innovative online learning experience will enable you to access:

- Live keynote sessions
- Online question and answers
- Over 2 000 talks from world experts
- Virtual industry exhibition
- All sessions for up to three months

Benefits of the online experience

- Latest knowledge from world experts – receive the latest developments in clinical care, surgical techniques, innovation and equipment
- Personalised on-demand content – never miss out on a parallel session and get customised learning suggestions
- CME points – claim Continuing Medical Education Credits from home
- Three-month access to programme – registration offers you an opportunity to review material for three months at your own pace

Visit https://icowoc.org/ for all the information.

Registration

By registering to WOC2020 Virtual®, you will have access to:

- Over 2 000 presentations from world experts, for up to three months (until 30 September 2020)
- Access to +100 live sessions, including live question and answers and interactivity features
- Satellite symposia
- Virtual industry exhibition
- Abstract e-book
- Discussion forums

Registration payments

All registrations must be made online. The WOC2020 Virtual® will not process registrations that do not include payment information, and receipt of partial registration does not guarantee the registration rate.

The ICO reserves the right to review each registration for the appropriateness of the selected registration category and make any necessary corrections. For example, a full-time faculty member of ophthalmology that chooses the Accompanying Person or Medical Student rate will be corrected upon review. The ICO reserves the right to charge his/her credit card the difference in registration fees.

By registering for the WOC2020 Virtual®, you are providing us with permission to include your name, organisation, and country for the list of attendees shared with select exhibitors.

Contact details for registration

Email: woc@icowoc.org
Telephone: +31 20 575 4220
Operating hours: Monday to Friday, 09:00–17:30 (Central European Summer Time GMT +2)
Sessions by topic
The topics are colour-coded on the website, https://icowoc.org/program/sessions/, for ease of use, and the same colours are used in the list below. Topic sessions include subspecialty day sessions, free paper sessions, symposiums, instruction courses and presentations by various ICO member societies. Please refer to the website for the details.

Cataract and Lens Surgery
